Court Report.

The October term of the Court of Common Pleas met on Monday; Judge Knowlton on the bench. The following Grand Jury was sworn and charged: Alfred Gray, John B. Lewis, Martin Rutherford, Seth Foster, George Norman, Jacob W. Ward, John Coughenour, I. F. Chapman, Jno. H. Carter, Nosh Walp, John Sower, David Fulton, George Northup, Washington Reifsnnyder, and Robert Carter. John H. Carter, Foreman.

The Raccoon River cases were continued.

The Gallipolis Central B. & L. A. vs. Wm. Brading and others. Settled.

Same vs. Greenbury W. Weaver and others. Re-appraised ordered.

Chas. W. Henking vs. W. K. Patton. Settled and costs paid.

J. J. Cadot vs. Alex. and Anna Robinson. Settled and costs paid.

The Trustees of Ohio township vs. Matthew Mooney. In progress, before jury. This is an old case, commenced in 1872. The last jury disagreed.

They came near having a little episode on the street Wednesday, caused by an election difficulty the previous day out in Raccoon.

There is so much philosophy in this little extract from the Columbus correspondence of the Cincinnati Enquirer, that we feel like publishing it, notwithstanding it has, it reports be true, a local significance:

"I am happy to be able to say that it is not my purpose to 'kick' against the results of last Tuesday's contest. When a game is played I believe in letting the gentleman who wins my money have it. I don't approve of the custom of some men in seeking to recover what they have lost on a fair hazard by recourse to the gambling laws or in pleading the baby act to escape responsibility. Men who do that should be barred the game of politics as they are of cards."

Rally Once Again.

JUDGE NASH

Will address the Hayes Club, at the Court House, on Friday evening next. Let us have a rousing meeting.

Public Schools.

The Board of Education makes the following statement relative to the change of certain text books:

In school No. 4, the change from McGuffey's to Harvey's Reader, was made as follows: Every pupil who had a McGuffey's Third Reader belonging in the family received a new book for the old one, even exchange.

Those who had no old ones were required to purchase new ones—the price being the same for the Harvey's as for the same grade of McGuffey.

The change in Histories in No. 9, was effected in a similar manner. Every pupil who had an old one in the family received a new one in exchange. Those who had no old one purchased new ones, paying for them five cents less than they would have paid if the previous book had been continued—that is to say, the retail price of Venable's History, which was discarded, is \$1.25, while the retail price of Anderson's, which was introduced, is \$1.20.

The pupils in rooms Nos. 3 and 6, need new readers, whether a change is made or not. They have used the books which they have until they have read them through several times, and have wholly lost interest in them. It will cost less money to change than to buy new books of the same series, but of the next higher grade. The exchange will be made as follows: Those having McGuffey's 2d Readers, can have a new book for the old, by paying twenty-five cents; those who have no old book can have the new one for forty cents.

Those who have 4th Readers, McGuffey's, can have a new one for the old, by paying fifty cents; those who have no old one, can have the new one for seventy-five cents.

The Superintendent is charged with the duty of making this exchange.

By order of the Board of Education.

L. PERRY, JAMES GATEWOOD, JAMES VANDEN, Committee on Text Books.

The October Elections—Republicans Encouraged—Democrats Discouraged.

The October elections do not, we admit, decide the Presidential contest, but we do claim that they speak encouragingly for the Republicans.

The Congressional elections take hold of National questions and policy, and in these the Republicans, in both Ohio and Indiana, have come out of the fight gloriously victorious.

Thus, when the people come face to face with the important and grave issues of the Presidential campaign, we may reasonably expect them to render a verdict in harmony with their vote for Congressmen. State affairs may, perhaps without peril, be entrusted to Democratic officials, but not so do we read the signs of the times in regard to National matters. The Congressional elections prove this, and when November comes, we confidently look for a complete and grand victory in behalf of peace, freedom, nationality and fraternity.

Ohio.

Barnes, for Secretary of State, has a majority of over 6,500. On the balance of the State ticket the Republican majority will reach about 9,000. The Republicans gain five Congressmen.

Indiana.

This State elects the democratic ticket by about 5,000 majority. The Legislature is Republican on joint ballot by a small majority. The Congressional delegation stands as one of the substantial fruits of the election, being a gain of four.

Williams' majority over Harrison, official, is 5,424.

West Virginia.

The returns from this State indicate a democratic majority of about 9,000.

Hurrah for the Boys.

On Wednesday evening last Jno. PLYMALE and SIM. IRON raised a Hay and Wheeler pole, in front of the residence of HUGH PLYMALE, Esq., 65 feet high, in honor of NEAL's victory. On the following Sabbath a good loyal democrat who wished to pay a visit to a friend, and to avoid seeing the motto (Hayes and Wheeler), made a circuit of about two miles. The boys say it is not their desire to punish democracy by useless travel, and if such men will send them word when they want to pass they will pull the cords and let her down.

Miss ALICE SILEY will accept our thanks for a package of the nicest, plumpest and best chestnuts we have seen for five years.

Attention!

All members of the Fire Department are requested to meet at the Engine House, Friday, at 4 P. M., for practice.

Democratic Retrenchment—No Limbs for Maimed Soldiers.

Here is a specimen of the retrenchment business of the late Confederate Congress. That the partisan cry of "democratic economy" might be raised and used in the campaign, the armless and legless soldiers were denied the appropriation necessary to fit them the better to attain a living for themselves and their families:

WAR DEPARTMENT, SURGEON GENERAL'S OFFICE, WASHINGTON, Oct. 10, 1876.

Sir:—Your application for the value of an artificial limb has been received and placed on file.

The appropriation for this purpose for the present fiscal year being already exhausted, it will be impossible for this Office to take any further action until Congress shall have appropriated the necessary funds.

Very respectfully, Your obedient servant, J. K. BARNES, Surgeon General, U. S. Army.

Therefore, we, the undersigned, working men, employed by the above named Company, without regard to politics, declare that no such threat, or insinuation to that effect, was ever made to our knowledge, but we were left perfectly free in the exercise of our rights.

John Dages vs. Richard Langley and others. Part of City lot No. 301, sold to John Dages, for \$110; appraised at \$150.

The Pole Raising at Porter.

The crowd that gathered to witness the flag raising, at the Hayes and Wheeler pole, at Porter, on the 6th inst., and to hear the speeches made on that occasion, was simply immense.

First came a long procession with music and flags flying. The people then gathered around the Pole, where after a spirited address by Hon. E. A. STONE, the stars and stripes were hoisted aloft by thirteen veterans of the grand old party that saved the Union, whose names are as follows: Rev. H. R. Howe, Stephen Sisson, Samuel Rowley, David Hamilton, James Johnston, J. N. Kerr, John Blosser, David Summers, A. Watts, M. R. Matthews, John Morrow, J. A. Rodgers, Enoch Russell.

After this impressive act of patriotism, the crowd moved to the foot of the hill, where a stand and seats had been arranged by the earnest workers of Springfield, and a masterly address was made by Hon. H. S. BUNDY, who was followed by J. L. JONES, Esq., Presidential elector, in a few forcible words.

In the evening (for the people wanted to make a whole day of it,) the brick church was crowded to hear Hon. H. S. NEAL, who made a powerful argument in favor of his cause, and then came the feast of the day in a pithy review of the gradual breaking down of prejudice before the progress of opinion, by the Hon. H. S. BUNDY, who gave his hearers a taste of what prejudice against the black man had been for the past twenty years, and how fiercely it resisted, in the person of the democrat, to Alex. M. McCall, 161 77-100 acres; \$2,500. Randall P. Russell to Mary J. Phillips, 312 acres; \$2,100.

Clay Tp.—Jacob Halley and wife to John and Wheeler Brothers, 41 8-100 acres; \$1,200.

Gallipolis City.—Xavier Brandtster, by his administrator to Geo. Meili, lots Nos. 1, 2, 3, 4, and 5 in C. M. Holcomb administrator's subdivision of said Brandtster's estate; 12 1/2 acres; \$1,275.

Raccoon Tp.—G. W. Eagle and wife to Abner Tyler, 41 acres; \$800.

Gallia Furnace Cleanings.

Times are eventful. Great cry of war and times and reform by the opposite side of the house.

Political excitement high.

Our election passed off without any serious harm; but if the little member, the tongue, was not allowed such latitude, perhaps it would be more agreeable to many.

There was not as good turn out as we have seen. Republicans had 22 majority. Vance I ahead of his ticket.

If the Republicans make a clean turn out, I will not say they will be about thirty the next election.

There were several votes challenged, and at one time considerable excitement prevailed. Now to avoid any future trouble, our advice would be for every one that wishes to vote at the next election to bridle his tongue and his temper, and exercise his right as a citizen quietly and fearlessly, at the same time not ignoring or denying the rights of his neighbor.

Our highly esteemed friend, Jos. Stafford, has moved with his family to Seasideville, Schuylkill county, Pa. He has been clerking at the Furnace for about twelve years, and is regarded by all his acquaintances as a man of unimpaired integrity. That he may soon return is the hopes of many. More anon.

Desoto.

THE MEDICINE THAT CURES

VEGETINE

Taking into consideration the character of its vouches, the history of its cures and the immense increasing demand, VEGETINE may be fairly called the leading medicine of the age.

For so long in the blood, VEGETINE is an infallible remedy, and no person need suffer from tumors, ulcers, and all diseases arising from impure blood, if they use VEGETINE according to directions. There is not a case of scrofula, or existence that VEGETINE will not cure, provided the vital functions have not lost their power of action, all that may be said to the contrary notwithstanding.

VEGETINE is pleasant to the taste, mild in its influence, and absolute in its action on disease, as the following unquestionable evidence will show.

PAID NEARLY \$400.00!!

JANUARY 2, 1875.

H. R. STEVENS, Esq.

Dear Sir:—When about six months old, my son was vaccinated. The parties were vaccinated from the same virus died from the humor. The humor spread over me to such an extent that I was rolled in heat to prevent me from scratching my person. The disease finally settled in my head. I remained in this condition about twenty years, and could not get any relief from any medicine I used. I finally broke in my head and discharging corruption from my ear. At this time a small kernel appeared on my neck, gradually increasing in size until a tumor formed of such immense size, that I could see it turning my eyes downward. All this time I was taking various remedies for my blood without any substantial benefit.

I then went to a prominent physician in Boston who, during his treatment of six months, lanced the tumor eight times, which cost me nearly \$400. This left me with a rough, aggravated sore, without at all diminishing the size of the tumor, and in a sickly, feeble condition, I was finally taken to my home, where after a considerable time, and after ceasing in healing the sore without reducing the size. At this point I commenced using VEGETINE, through the earnest persuasion of a friend. After I had taken this medicine about one week I experienced wonderful sensations. My whole body seemed to be undergoing a radical change, and finally the tumor broke and discharged frightful quantities. From this time it decreased in size until the lump disappeared, and my neck felt like the neck of a sore and lame. I am now healthy and strong and able to work every day.

I can mention that I have been an acute sufferer from inflammatory rheumatism ever since I can remember, until commencing the use of VEGETINE, which has cured me of all my pains. This statement I volunteer for the purpose of benefiting others suffering humanity, and you will confer a great favor if you will give it as much publicity as thought proper.

Very gratefully, O. M. SAEVLS, Ashland, Mass.

What is Vegetine?

It is a compound extracted from bark, roots and herbs. It is nature's remedy. It is perfectly harmless from any bad effect upon the system. It is nourishing and strengthening. It acts directly upon the blood. It quiets the nervous system. It gives you a good sweet sleep. It is a great purifier of our aged fathers and mothers, for it gives them strength, quiets their nerves, and gives them nature's sweet sleep—as has been proved by many an aged person. It is the great Blood Purifier. It is a soothing remedy for our children. It has relieved and cured thousands. It is very pleasant to the taste, and you will enjoy your family, and you will confer a great favor if you will give it as much publicity as thought proper.

Very gratefully, O. M. SAEVLS, Ashland, Mass.

Report from a Practical Chemist and Apothecary.

Boston, Jan. 1, 1874.

Dear Sir: This is to certify that I have analyzed at retail 154; dozen (1863 bottles) of your VEGETINE since April 12, 1870, and can truly say that it has given the best satisfaction of any remedy for the complaints for which it is recommended that I ever sold. Scarcely a day passes without some of my customers testifying to its merits on themselves or their friends. I am perfectly cognizant of several cases of scrofulous tumors being cured by VEGETINE alone in this vicinity.

Very respectfully yours,

Neighborhood News.

Charles Neal died on the 3d inst. He was a resident of Flag Springs, Gallia county, Ohio; was one of the oldest citizens of this vicinity; was perhaps nearly a hundred years old, though he gave his age as ninety-three, for some years past. He had lost his mind at that age to some extent, and failed to note each revolving year since then.—Waterloo Rev. Register.

Dr. J. F. White, of Lawrence county, was in town last week. He contemplates moving to Jackson. The Doctor is a live man, prominent as a citizen and successful in his profession. We heartily welcome such men to our town.—Jackson Standard.

Ed. F. Maddy was in town in the early part of the week, for the purpose of getting stock for the purchase of the Laura L. Davis. It is the intention to put the Laura in as a regular packet between Pomeroy and Louisville. We learn that Ed. met with good success, and got all the stock subscribed.—Middleport Republican.

For the Gallipolis Journal.

EDITOR JOURNAL:—The Illipian sheet of your city, in its issue Oct. 6th, 1876, thinking it not enough to defame the cause of liberty, right and justice, guaranteed by the Republican party, has sought to place me, (after fighting for my country), in the ranks of the democrats. How can a soldier true to the principles of life, liberty, and a union of all the States, go back on the party that has, thus far, so ably guarded all these?

H. S. Neal has my suffrage for the defense of all these things. Cheers ever given by Democrats for Jeff. Davis at our Republican meeting, notwithstanding the Ledger to the contrary. If a soldier who had fallen in defense of his country and flag, in any of the hard-fought battles of the war, could have come forth from the abode of fallen heroes, on that occasion, he would have thought the war for the Union was still in progress, and that Jeff. and his friends had not yet given up the ghost, but were still, willingly, waving the bloody shirt, so much harped upon in rebel circles, as an insult to the boys in blue.

Tilden flags at half-mast! Let the dead bury the dead!

The Republican ladies of our city are true blue, and deserve as much credit as the voters. They got up a supper on the night of elections for those who brought in returns from the townships.
